EXPERIENCE

Full Stack Developer Intern | Compserve Consultant Pvt Ltd, Kolhapur

Sep 2024-Present

- Led a small team of interns on a project module, handling task delegation, sprint planning, and ensuring timely delivery of project milestones.
- Developed and contributed to cross-platform mobile applications using frameworks like Ionic, ensuring a consistent UI/UX across Android and iOS platforms.
- Contributed to the successful launch of the company's first iOS application, achieving 100% compliance with App Store guidelines and improving deployment efficiency.
- Designed and developed key projects, including a File Management Component for Baramati Dudh Sangh, Survey Tool, Messaging Platform, OCR Tool, and Report Generation Tool, each addressing critical business needs and improving operational workflows.
- Assisted in the development and testing of web applications, with a strong focus on frontend functionality and backend integration to enhance user experience.
- Collaborated closely with senior developers to debug, optimize, and enhance existing systems, actively participating in Agile ceremonies such as daily stand-ups and retrospectives.

PROJECTS

VoiceltOut Community Platform [Github](#) | Angular, NestJS, SSMS, Bootstrap

- Founded and developed VoiceltOut, a citizen-driven platform and mobile app for reporting and tracking local civic issues (e.g., potholes, streetlights, garbage, roads) using a full-stack solution.
- Designed an interactive admin panel for local authorities to manage issues, view community insights, and take actionable steps—improving transparency and accountability in governance.
- Aims to empower thousands of users by providing a centralized platform for raising community concerns, promoting faster resolution and civic engagement.

Report Generation Tool [Github](#) | Angular, HTML5, CSS3, TypeScript, XML, NestJS, Bootstrap

- Enabled users to easily build report layouts with drag-and-drop text fields, Images, headers, Footers and tables with resizing, Full styling controls including border color, text color, and field-specific properties.
- Supports multiple page sizes (A4, Letter, etc.) and customizable headers/footers.
- Integrated dynamic data binding and auto-sync with connected databases during report generation
- Saved layouts in XML and generated downloadable PDF reports via backend automation
- Suitable for ERP, BI, and enterprise platforms requiring custom, data-driven reports

TECHNICAL SKILLS

- **Programming Languages:** C, C++, Java, Solidity.
- **Frontend:** HTML, CSS, JavaScript, TypeScript, Angular, Ionic.
- **Tools:** Github, Postman, Remix ide.
- **Backend:** NestJS.
- **Database:** MySQL, SSMS (SQL Server Management Studio).

EDUCATION

- **Bachelor of Engineering in Computer Science**
D Y Patil Agriculture and Technical University | CGPA: 7.1/10
- **Higher Secondary Education (HSC)**
Yashwantrao Chavan Warana Mahavidyalay | Percentage: 90%

Oct 2021 – Present

Jun 2019 – Mar 2021

EXTRACURRICULAR ACTIVITIES

- Unstop Quizzes: Participate in 20+ Quiz competitions, ranked 74 in the Cloud Computing Quiz organized by IIIT.
- College Events: Actively participated in 10+ inter-campus events, demonstrating coding expertise, delivering impactful project presentations, and pitching innovative business ideas to diverse audiences.

ACHIEVEMENTS

- **Intern Of The Month - Compserve Consultant Pvt Ltd, December 2024**

CERTIFICATE

- Coursera: [AWS S3](#)
- SoloLearn: [C](#) | [CPP](#) | [JAVA](#)
